DETAILED ACTION

Allowable Subject Matter

Claims 1-24 are allowed.

Claim Rejections - 35 USC § 103

Claims 25,26 are rejected under 35 U.S.C. 103(a) as being unpatentable over Moore et al. See paper number 6 for this rejection.

Response to Arguments

Applicant's arguments filed 12/8/03 concerning claims 25-26 have been fully considered but they are not persuasive. The arguments are not commensurate in scope with the claimed subject matter. **For example**, applicants state that Moore et al does not show vibration about two horizontal axes and a vertical axis, but where are these limitations found in claims 25-26?

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Applicants should **carefully** review the newly cited art and provide any comments deemed necessary.
